Summary

Finding creative solutions to problems is something. I have always enjoyed. I'm an aspiring web developer who loves finding patterns and connecting dots: Be it ideas from different industries, people from different backgrounds and teams, or applications from different industries. I have strong technical skills, particularly in frontend and backend, and an academic background in mathematics, engineering and statistics.

I am finishing up my degree at Priyadarshini college of Engineering, Nagpur. I'm graduating in July 2025, if you are interested in contacting me in regard to a position with your company, please email me at sanketdarunkar111@gmail.com.

Knowledgeable: C++, JavaScript, HTML, CSS, DBMS, PHP.
